CERTIFICATE OF AUTHENTICITY

*** PRECIOUS STONES ***

Rubies, Sapphires and Diamonds are among the most beautiful and precious genuine gems on earth. Our skilled technicians pay special attention to exact symmetry of our selected genuine gems, cutting and aligning the facets precisely to create superlative, intensively brilliant stones. The girdle consistency is optimized in both thickness and polishing, whilst the crown consistency is maximized in terms of height and pavillion depth. The results are naturally radiant and richly colored rubies, sapphires and brilliant diamonds, with an absolute minimum of stone breakage.
